

# PROFESSIONAL CARE AND SUPPORT SERVICES FOR SENIORS AT AMICA

We are pleased to offer multiple care and support options at our four residences on Vancouver Island, with a fifth residence dedicated to care opening in 2023. Our professional care and support staff (both Nurses and Registered Care Aides) are available around the clock whenever our residents need assistance. We tailor our services based on unique needs and preferences.

## **Independent Living:**

Your patients will always have the support and care they need, whenever they need it. Our premium amenities and wide range of life enriching activities are available to all residents. It's up to them how much or how little to participate. As their needs evolve, so too does our care.

## **Registered Assisted Living:**

Should your patients need additional support with daily living, the Assisted Living suites at Amica Douglas House and Amica On The Gorge have a wellness team on the same floor to give added peace of mind. At Amica Somerset House and Amica Beechwood Village, we deliver specialized care in the privacy of the resident's suite, should they need it. The care we provide will evolve as their needs change.

## **Long-Term Care:**

For residents who require regular and ongoing support with daily living, we offer two options for Long-Term Care, each with their own area and services.

- **Memory Care:** For residents living with Alzheimer's or other forms of dementia, full support is available on our secure Memory Care floor from our certified team members trained and proficient in dementia care.
- **Full Care:** For residents who are cognitively well but require regular and ongoing support with daily living.

## **Personalized Wellness Plan**

For each resident we develop a Personalized Wellness Plan so they can take advantage of all that Amica has to offer. Together we will build a customized plan based on social, intellectual, physical, care and support needs to ensure your patients are always getting the most from life at Amica.
